

INTERNATIONAL POLICE EXECUTIVE SYMPOSIUM

MANUSCRIPT SUBMISSION DETAILS

Congratulations on submitting your manuscript to Police Practice and Research. Now that you have submitted the manuscript, it has been assigned a control number and is currently being reviewed. This internal review process will take about 1 week.

If this first review process is successful, your paper will then be sent blindly to at least 2 external reviewers. This external process usually takes about 3 months.

After the external reviewers are finished reviewing, they submit their findings and you will then be contacted and notified in detail of these findings.

This process outlines the first round of reviews and as noted, usually takes about 3 months in its entirety.

If you have any additional questions or comments, please feel free to contact us anytime.

Best regards,
